FYI, NOAA/EPA-developed tpts for 1) meetings with Richard Whitman on Wednesday/Thursday, and 2) meeting with NWEA on Wednesday. We will not make May 15 SA deadline; as a condition of extending the deadline NWEA wants the agencies to withhold FY14 funds from Oregon; we will be saying that the agencies believe it is premature to do so before/until a disapproval finding is made.

All--

Thanks to those that have weighed in on the talking points for NWEA and Whitman. Please see attached for updated versions of both that hopefully address the comments received.

Thanks Christine for putting initial pen to paper. This is a great start. I tweaked your talking points some (see attached).

Allison, Appreciate your help with these. Here are some thoughts that you can embellish, tweak, add to, etc.

- The federal agencies will need an extension to the May 15, 2014 schedule to make a decision on the Oregon CZARA coastal nonpoint pollution control plan.
- The federal agencies received 85 public comments. Many comments are substantial and include lengthy attachments for our consideration, including NWEA's 83 page comment letter and 847 attached documents.
- Oregon also provided an 80+ page submittal that we must consider.
- To do a thorough and thoughtful review and allow for internal deliberations and senior management briefings, we will need an extension until January 30, 2015 to make our decision.
